Policy Statement:

UIT University is committed to fostering a culture of knowledge-sharing and lifelong learning. The university library offers open access to all individuals who wish to read and explore our collection. This policy ensures unrestricted access to library resources through our digital platform.

Scope:

1. Open Access: UIT University provides free online access to all books and library resources. This policy supports inclusive learning and benefits students, researchers, and the general public.
2. Equal Opportunity for Learning: The library's digital collection is available to everyone, regardless of affiliation with UIT University. Any individual interested in expanding their knowledge can access resources online.
3. Accessibility: All digital resources are accessible via the UIT University library website link: <http://library.uit.edu/>.

Responsibilities:

1. Library Administration: The Library Department maintains the digital access portal and ensures that resources are up-to-date, user-friendly, and accessible.
2. Users: All users are encouraged to utilize resources responsibly and adhere to UIT University's usage guidelines, respecting copyright and digital lending policies.

Review and Revision:

This policy will be reviewed periodically to ensure that it continues to meet the needs of our diverse user community while upholding UIT University's commitment to open access and academic integrity.
